"Karen's intensely personal songwriting first grabbed national attention with the release of her critically acclaimed 2014 debut album *Oklahoma Lottery*, and international praise with her second album, *Country Songs*. Five years of non-stop touring have produced a smoldering live act that's left audiences breathless across the country with her latest album, *Butter*." Karen has been named "Fredericksburg's Favorite Singer" by the Free Lance-Star for 2017 and 2018.

Jonas has been nominated for Dale Watson's Ameripolitan Award's Best Honky-Tonk Female, and the Washington Area Music Award's (WAMMIE) Best. Her performances are anchored in Southern storytelling and Jonas's smooth, unforced croon, sided by guitarist Tim Bray's dazzling contributions. Her current album *Butter* recently received a four-star review in the German Rolling Stone Magazine!
